

# Free your mind

### Accurate

Proven MonoBloc weighing technology and FACT internal adjustment guarantee fast and accurate results—under all environmental conditions.

### Easy to use

Easy-to-use application programs, a brilliant backlit display and simple cleaning make these balances ideal to work with every day.

### Reliable

Rugged metal housing, durable sensor keys and overload protection guarantee strong performance in laboratories as well as in harsh industrial environments.

### Classic weighing from METTLER TOLEDO: Built for universal use.

Changes in temperature have a direct influence on the accuracy of your weighing results. Although we cannot alter physics, with FACT we can eliminate these influences automatically – and free your mind for more important tasks. With Classic Plus balances from METTLER TOLEDO weighing becomes as worry-free as can be, leaving you sure of one thing: accurate results, in any climate.

Technical Data

## Classic Plus

<sup>1)</sup> Fine range, from 0–28% of the weighing range, depending on the model.

<sup>2)</sup> Ten times higher readability over the entire weighing range at a keystroke. Depending on the model, this fine range covers up to 20% of the coarse range.

**FACT**

Fully automatic adjustment with an internal weight

**Cal Int**

Adjustment at a keystroke with an internal weight

**Cal Ext**

Adjustment with external weights
